#### What I do:

Build full stack software at [Avanade](#) (owned by Microsoft and Accenture) that helps people do what they want faster, more affordable, and better.

#### What I've done:

Written code for clients involved with [education](#) and [healthcare](#).

I currently work on a C#/C++ application for a client in the Automotive Industry.

I'm familiar with [React](#) and [JavaScript](#) development in team and solo environments. I'm also comfortable writing [Python](#).

I graduated with a Computer Science degree from Dartmouth College in 2021.

**What I want to do next:**

Build software tools and products that enable customers in healthcare and/or biotechnology to solve important problems for us.
